The main problem?

Connection.

**What if we could
use technology to
connect bussiness
owners and
customers?**

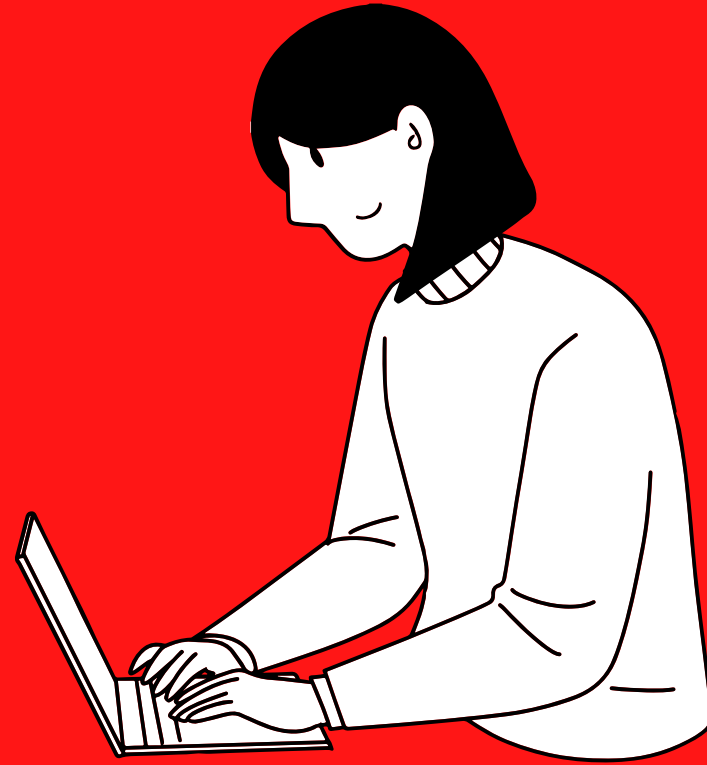

Introducing

ויטרינה

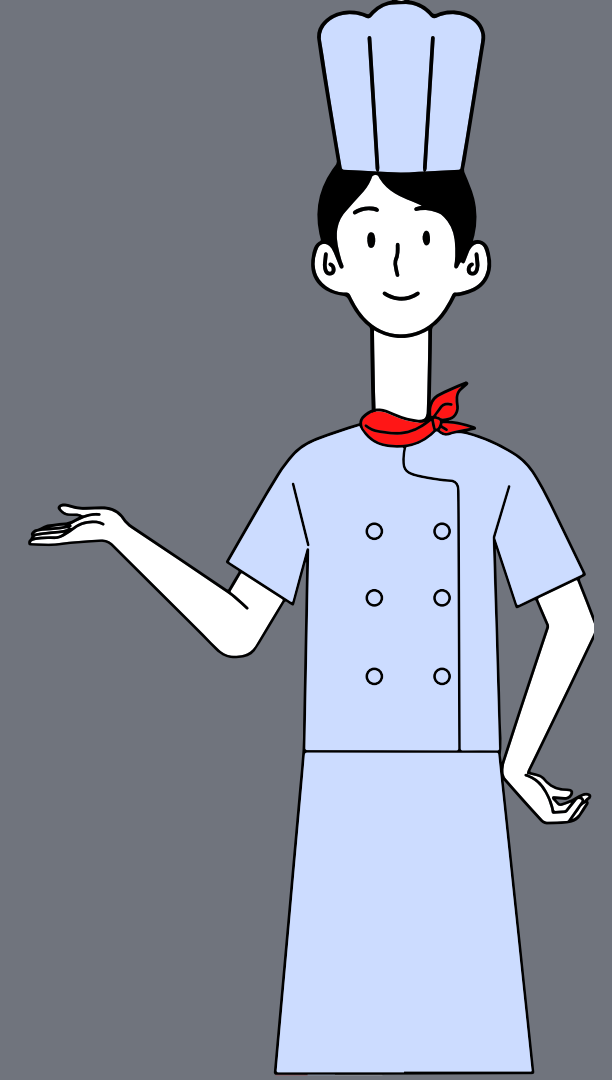

Step 1

Customer looks for a nearby store that matches their values

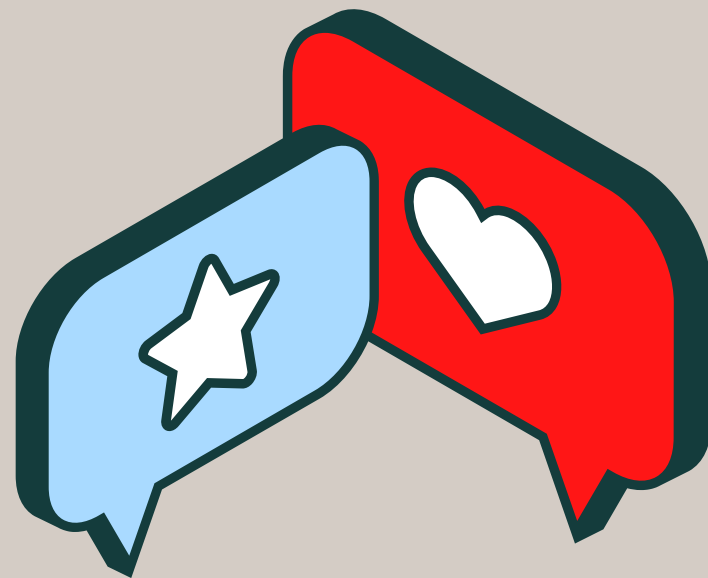

Step 2

Vitrina offers a selection of local businesses nearby

Step 3

Customer chooses to pay or to offer the business a barter

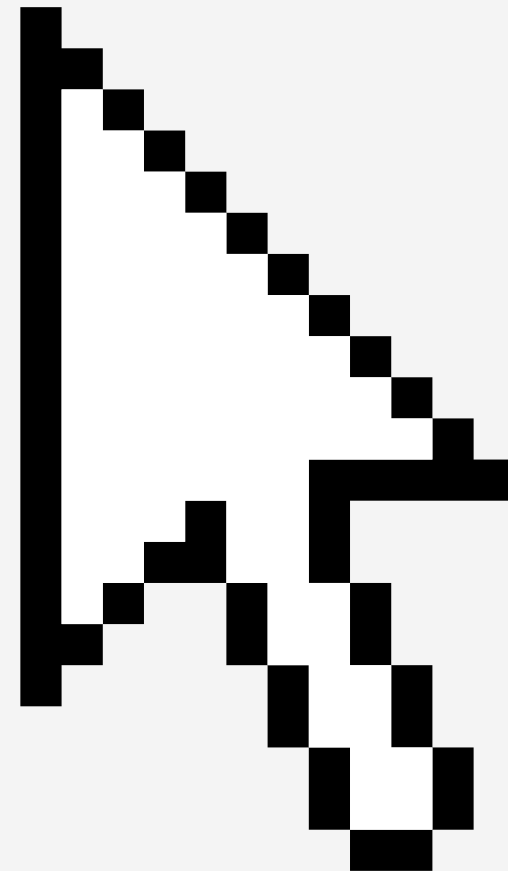

Step 4

Customer chooses between pickup or quick delivery

**Come stroll
around!**
